अद्यतन आवश्यकता है युवा पीढ़ी की मानसिकता को दृढ़ दिशा प्रदान करने की। युवा पीढ़ी का मस्तिष्क एक ऐसी उर्वरक भूमि है जिस पर हम नैतिक मूल्यों का बीजारोपण करके राष्ट्र निर्माता उत्पन्न कर सकते हैं। वस्तुतः गुणवत्तापूर्ण शिक्षा प्रदान करना हमारी शिक्षण संस्था की प्राथमिकता है। शिक्षा का अर्थ पढ़ना-पढ़ाना नहीं बल्कि बनना-बनाना है। केवल पुस्तकीय ज्ञान विद्यार्थियों के व्यावहारिक जीवन के लिए पर्याप्त नहीं है। उनकी कला एवं कौशल को तराशने के निरन्तर प्रयास आवश्यक हैं जिससे उनके स्वर्णिम भविष्य का सूत्रपात होता है। वर्तमान समय की माँग को ध्यान में रखते हुए इस महाविद्यालय में छात्र-छात्राओं को ऐसा रचनात्मक वातावरण देने का प्रयास किया जाता है जिससे उनका समुचित एवं सम्पूर्ण विकास सम्भव हो सके। इसी शृंखला में समय-समय पर महाविद्यालय एवं इसके विभिन्न विभागों में होने वाली गतिविधियों को 'आर्यन टैबलॉइड' के माध्यम से प्रस्तुत किया जाता है। इसमें प्रदर्शित विद्यार्थी एवं प्राध्यापक वर्ग की सक्रिय प्रतिभागिता संस्था के उन्नति की ओर अग्रसर होने की परिचायक है। महाविद्यालय में आयोजित होने वाले विभिन्न कार्यक्रमों एवं गतिविधियों में सबके परिश्रम एवं सहयोग की मैं प्रशंसा करती हूँ। 'आर्यन टैबलॉइड' के प्रकाशन हेतु सभी के अनवरत प्रयास सराहनीय हैं। मैं आशा करती हूँ कि भविष्य में भी ऐसी सकारात्मक गतिविधियों का आयोजन होता रहेगा जो छात्र-छात्राओं के उज्ज्वल भविष्य में नींव का कार्य करती हैं।

Associate Professor, Head of Chemistry Department & Dean of Science Faculty

Arya College, Ludhiana was founded in the days of the Indian freedom struggle with the aim of empowering the Indian youth by providing them education of the kind needed for the development of the nation. The Women Section of the college was also founded to empower women which has always been a particular concern of Arya Samaj. Throughout the decades since then, successive Managements and Principals have guided the college along the path of service to the nation through education.

It has been my privilege to be associated with this distinguished institution for the last twenty four years. As I approach the last semester of my service, I look back upon this long association and venture to share my reflections with my esteemed colleagues and students.

My career changed in a major way when I joined Arya College, Ludhiana in 1994 as an Assistant professor in the Chemistry Department. Until then, my career had been focused on research and I felt right at home in this type of work. But here in Arya College, I had my first experience of teaching and this brought its own rewards. The continual stream of youngsters passing through our classrooms kept my subject ever- fresh for me and imparting my knowledge to them turned out to be sheer joy. Interaction with them outside the classroom put me in touch with the problems and pre-occupations of present day youth. My senior colleagues in the Department were dedicated teachers and they were role models for me. There were also eclectic discussions with colleagues from other departments which added to the richness of the academic life.

Not that it was rosy all the way. One matter of concern has been the increasing indifference of the students towards their studies. I believe this to be a sign that the courses of study need to be made more relevant to their lives and more useful for their careers. The fall in admission to the Science stream when the students flocked blindly to engineering colleges, the dwindling numbers of teachers in the department as my senior colleagues retired one by one: these were issues that cast a shadow for quite a few years. But now admissions have picked up again and the teaching staff has been augmented by an influx of young teachers. During the last few years there has been a buzz of vibrant activity. The college is on the march again. May it attain ever increasing glory and greatness!

Let me sign off by wishing my students and young colleagues bright careers and happy lives. To my senior colleagues and friends, I offer my best wishes for their health and happiness and my grateful thanks for their friendship. To Madam Principal and the Management, my sincere gratitude for a rewarding career.
